CONN BROTHERS.

Live and Let Live Folks

Well we had a rain at last.

The colored fair is drawing a crowd this week.

School will begin in Lancaster Monday September 8th.

The Record's contest is beginning to create considerable excitement.

A goodly number of Lancaster people are preparing to attend the State Fair.

The new filter is nearing completion and the water will soon be turned into it.

In anticipation of a hard winter, many of our people are filling their coal house.

The rain of last week helped considerably, but farmers are needing more for stock water.

Who would doubt the advantage of our water works after the severe drought we have just experienced.

The new school building at Buena Vista is expected to be completed and ready for occupancy by Sept. 15th.

Farmers are busy preparing their wheat ground and planting is soon to begin. Because of the unusually fine crop this year the acreage will be materially increased.

Our New Superintendent Of Music.

Miss Sarah Daniels of Paris Ky., who will have charge of the music department at our local school this year is sure to prove a successful teacher and meet with the approval of the patrons of her department. Miss Daniels has had the advantages of a fine musical education and of studying under some of the worlds most famous masters. While at the Cincinnati College of Music, she studied under the famous pianist Romeo Gorno, and studied voice with Signor S. D'Anna of the Conservatory of Milan Italy. Miss Daniels has had considerable experience as a teacher, having been Directrix of Music in the Cor-Burdette School at Sherman Texas.

Fine Lumber For Sale.

We have 200,000 feet of Georgia pine yet unsold can saw any length to suit purchaser. For house or barn. Hughes Bros., Lancaster, Ky.

Right Now Is The Ripe Time To Enter The Record's Big Contest.

Every Day is Nomination Day—Send in your Nomination today or if your name is already on the list, make a start in this great race for glory and prizes. 10,000 Extra Votes given on every dollar's worth of New Subscriptions turned in before September 10th.

START YOUR CAMPAIGN AT ONCE.

Ask the Contest Manager for printed matter and full instructions for starting your campaign. Then get out among your friends and gather in the votes and subscriptions. There is an unusually good chance for new contestants in Districts 1 and 3.

Volumes and volumes have been written on the subject of that one little word "opportunity." It is one of the queerest elements that enter into the complex existence of present day Americans. It means everything and it means nothing, just as it is handled by different people. One person's failure, for instance, proves another person's opportunity. One person will see an opportunity where another person side steps it. Most of us claim it has passed by us or we were away from home when it called. And so goes.

OPPORTUNITY KNOCKS HERE.

In this big contest now being conducted by the Central Record, "opportunity" is knocking at the door of hundreds of people in this section of Kentucky. Are you going to let it pass by or are you going to take full advantage of it? The Central Record is offering YOU your choice of the greatest list of prizes ever put on a weekly paper in this section of the State and all the prizes are offered under the most liberal conditions so that it will be easy to win any one of them.

DISTRICT PRIZES ON DISPLAY.

All the district prizes are now on display in the store of Morrow & McRoberts and contestants and their friends are invited to call and inspect. Since they were placed on display hundreds of people have stopped to admire these beautiful premiums and a number of them have remarked that they did not see how the Record could afford to give away such a large number of such valuable prizes. There are three districts and at least four prizes will be awarded to each district so that contestants need only compete against those in their own district for the district prizes. It is the greatest list of prizes ever put on a weekly paper in this part of the State and all the prizes are offered under the most liberal conditions.

GET THE PRINTED LETTERS.

Don't be afraid to send out the printed letters to your friends and acquaintances—not only in this and adjoining counties but all over the country as well—for you will find they produce good results. The contest manager will furnish without cost, all the printed letters you will mail out. Send out two or three hundred of them to friends you can not reach personally. We will also send all the receipt books you need upon request. Contestants and their friends are allowed to secure subscriptions from anyone, anywhere in the United States and the price of the paper is only one dollar a year.

ENTER THE RACE TO-DAY.

There is still an unusually good chance for new contestants in the first and third districts. So far, we have more prizes than active workers in those districts and the contest manager invites correspondence from prospective candidates living outside the county. Just write him that you want to become an active candidate and receipt book, printed letters and full instructions will be sent you.

BIG VOTE OFFER EXTENDED.

In order to give the contestants another chance to secure subscriptions under the big Vote Offer which has been in force for the past week, we have decided to extend the big 10,000 vote offer for two weeks, 10,000 Extra votes will be given on every dollar's worth of new subscriptions turned in between the dates of Friday, August, 29th, and Wednesday September 10th at 6 P. M. Regular Votes will be given on all old subscriptions between the above mentioned dates. Every contestant should take full advantage of this magnificent vote offer and those who fail to do so will be jeopardizing their chances of winning one of the handsome prizes.

SEND A NOMINATION.

We will be glad to hear from new contestants in all parts of the territory of the contest. In district one and three there is an exceptionally fine field for new contestants who are ambitious and would like to win one of the fine prizes which the Record has provided for them. Upon receipt of your name and address, the contest manager will send you printed matter and full information for conducting your campaign.

START NOW.

Now is the time to start and get out and see your friends before the other fellow gets to them. Let them know that you are in the great con-

"Bob" Davidson Married.

Robert L. Davidson, one of the most prominent lawyers of Tulsa, has slipped one over on his friends and joined the ranks of the benedicts. In a telegram received by his law partner, Judge Williams yesterday "Bob" announced that he had been married in Emporia Kansas to Miss Mildred Ellis. Just when the newlyweds will return to Tulsa is unknown.

Miss Ellis formerly taught school in Tulsa where she met Mr. Davidson. She later taught at Oklahoma City and Mr. Davidson last winter spent about every week end at the state capital.

The bride was a highly popular teacher with the local schools. She taught younger children and was a genius at planning kindergarten affairs and cantatas.—Tulsa Daily World.

Mr. Davidson's many friends in this his home county, congratulate him and wish him all the happiness and success which he so richly deserves.

Walden.

Mrs. Mary Leavell Walden, wife of the late Eld. Jesse Walden died at the home of her daughter, Mrs. R. M. Campbell in Danville Ky, at 1:35 o'clock last Sunday morning, and after funeral services at the home on Tuesday afternoon, her remains were brought to Lancaster for interment in the family lot in the Lancaster cemetery.

Mrs. Walden was in her sixty ninth year and was married to her late husband in 1863 and the greater portion of their life was spent in Lancaster, where they were both greatly revered. Her husband died twelve years ago. She is survived by three children, Rev. W. P. Walden, a minister of the Christian church, Jesse H. Walden of the Danville Lumber & Mfg. Co., and Mrs. R. M. Campbell, all of whom reside in Danville; she is also survived by one brother, Mr. S. T. Leavel of Lancaster.

Here in Garrard county where the family is known and loved so well, and to so many of our citizens, Bro. Walden has at one time or another preached the Gospel, a feeling of deep sorrow is felt at the death of this good woman and the sympathy of the entire county goes out to the family in their great bereavement.

An Appeal To The Democratic And Republican Candidates Of Garrard County.

Realizing the conditions confronting the people of this county, whereby the will of the people is being thwarted by the use of money and other corrupting influences in our elections.

We, the candidates on the Progressive ticket, do most earnestly appeal to each and every one of you, as good citizens of this county and commonwealth, to come forward and meet us and sign an agreement not to use any corrupting influences whatever in the coming election, whereby the will of the people may be expressed at the polls and every vote counted as cast.

As intelligent citizens, you are not ignorant of conditions, whereby money and whiskey are being used to debauch our citizenship, and if there are not steps taken to put an end to such nefarious practices, the day will come when your children, if not yourselves, will realize the fact "that a government of the people, for the people and by the people" has ceased to exist.

We therefore ask that all of the candidates, who are willing to bind themselves in writing to carry out the above plans will meet with us on Saturday 3 p. m. Sept. 6th 1913 at the Court House in Lancaster Ky.

Signed:

J. F. Holtzclaw candidate for Representative,

The Fiscal Court agreed upon and adopted a plan for keeping up the County Roads until January first at its meeting on Tuesday. The question has been much discussed by the people over the county and given the members of the Court some worry. Many changes in the old law were made by the Legislature of 1912 which required the Court to make changes in the old way of looking after the dirt roads. The overseers have been legislated out of office and their places will be taken by assistant Road Engineers appointed by the Road Engineer, Mr. Cleveland Bourne with the approval of the County Judge. These assistants will be paid for the services when actually at work on the roads \$1.50 per day. \$2500.00 was appropriated out of the road tax fund of 1913 levy for the county dirt roads in addition to the debts already incurred for the working of the dirt roads since last October. This fund is at the disposal of the Road Engineer subject to the order of the court as made at the recent meeting. The Road Engineer or his assistants under the law may warn in all able bodied men with a few exceptions over eighteen and under fifty years to work on the dirt roads in the districts to which they are allotted. The Court ordered the County Road Engineer to warn these hands in to work the roads not to exceed four days and each hand

working when thus warned in will be allowed seventy five cents per day for his work. Certificates will be issued by the County Road Engineer to the Assistants and the hands for the work which will be first applied to satisfy the poll tax, if any, against the hand and the residue to pay property tax assessed against the hand and if none, he will be paid out of the fund of \$2500.00 appropriated. The court is of the opinion that it has the right to require hands to work under this order and if any person so warned in and not excepted by the law, fails to respond, such person will be subject to a fine as heretofore. All the old overseers who have in their possession road working tools belonging to the county will be required by the Engineer to turn same over to the Assistants, who will be required to give to the Engineer an inventory of the same which will be kept by him in his office. The Court decided to continue to work on the turnpike as heretofore under the same contracts and plans.

No arrangements had yet been made by the Court as to the amount of money that will be expended upon each pike. While bids have been accepted by the Court and bonds taken from the bidders, no specific amount of work has yet been assigned to the contractors under these bids. This should be done by the Court at an early date. The people are entitled to know as well as the contractor how much work is contemplated upon each turnpike in the county. The change in the road law will cause the people to talk the road matters over and get familiar with the needs and the county's ability to meet the requirements. There is no difference between the dirt roads and the turnpikes, each are public highways and are to be kept up by the public. The most traveled public thoroughways, of course, should be maintained as macadamized roads and are entitled to more consideration in the distribution of the tax funds. At least sixty five per cent of all the taxes collected for county purposes in this county, excluding school tax is of vital importance to the people. In addition, nothing so stimulates the business social and school progress of the county as does the benefits of good roads, good dirt roads as well as turnpikes. To assist and encourage the public officers in giving the people the best results for the tax fund expended and the labor of the hands warned in we suggest that an organization be had at once in Garrard county with regular monthly meetings to discuss questions pertaining to the betterment of the roads of the county and arrange for any plans to bring it about. On any Saturday afternoon the organization could be effected and the move started. We believe if the matter could be brought to organization it would be permanent on account of the general realization of the need of better roads and the universal desire to have better roads at once.

The present condition necessarily suspends the further building of turnpikes by the county until the dirt roads of the county are made passable and are in condition to fairly satisfy the traveling public of the various parts of the county.

It appears to be pretty certain that negotiations are about to cease between the Huerta regime and the United States, whereby through the kindly offices of the latter, peace may be restored in Mexico. Huerta asked that President Wilson delay the reading of his message to Congress in regard to the matter, and this was done, Huerta being given 24 hours in which to give his answer to the proposals made by Pres't Wilson through his representative, John Lind; this time expired without an answer from the Mexican, and the United States will most probably assume an attitude of non interference and non recognition toward our southern neighbor. Many of the Powers came to the assistance of Pres't Wilson in propounding his proposals, and it was thought that the pressure would prove so great that Huerta could not afford to disregard it, however, such seems not to have

been the case. The proposals as made through Mr. Lind are as follows:- Cessation of hostilities and a definite armistice. An early and free election. Huerta to hind himself not to be a candidate. Agreement by all parties to abide by the result of the election.

Harry Thaw is still on Canadian soil, being held pending legal proceedings which will doubtless result in his being extradited as an "undesirable". He will in all probability be set across the border, probably into the state of Vermont, and then will begin another long drawn out legal squabble between the authorities of the state in which he is landed and the state of New York as to whether or not he shall be returned to the latter place for incarceration in Matteawan asylum from which he made his escape.

Carlton Elkin Buys Machine.

Carlton Elkin has joined the ranks of automobilists having purchased a handsome touring car last week. Carlton is in the business for revenue only and advertises that he will use his car for hire only. Those wishing such service would do well to patronize him.

They Get Off Lightly.

Rollie Simpson and Johnnie Logan, who recently engaged in a difficulty at Freedom church in the county, in which the latter received a knife thrust in the right breast, were tried in Judge Ford's court on last Friday and were fined ten dollars each and costs.

Mr. L. S. Gibbs Sells Export Cattle.

Mr. Luther Gibbs loaded at Hyattsville on last Saturday 57 export cattle weighing 1344 pounds each, which he had sold to Weil Bros. of Lexington at a shade less than 73 cents per pound. Taking into consideration the extremely dry weather which we have experienced this summer, and the resultant shortage of grass and stock water, these cattle were extremely good, and Mr. Gibbs sale was far in excess of what might have been expected.

Tobacco Outlook Promising In Garrard County And A Good Crop In Sight, Notwithstanding Press Reports To The Contrary.

From reading reports on the Garrard county tobacco crop published in the daily newspapers recently, one unacquainted with the situation would be led to believe that the crop was destined to be a failure this year. Such is by no means the case; it is true that some of the tobacco already cut is short, but this is caused by the drought causing it to ripen prematurely. This early cutting however, comprises but a very small per cent of the county's crop, and will not effect the crop in general. In some parts of Garrard county tobacco was never better, it having been seasonable, and the general rain of last week put an altogether different aspect to the general outlook throughout the county, and the crop is far from being a failure. Early in the season considerable trouble was experienced because of the backwardness and scarcity of plants; and as a result much of the crop is late; this part of the crop, if the season lasts long enough, will prove the cream of the crop, and as there is little danger of frost to any extent earlier than the middle of September, it is reasonable to expect that the greater part of the crop will be cut and safely housed before that time. The crop through the county is "spotted" and cutting will extend from now until the first of October, and the quality in general will be fully up to the average of former years, and the quantity will not fall far short of the county looking over and getting a line on the crop, and it is a safe prediction that the tobacco crop of 1913 will make up to many a farmer what he loses on a damaged and inferior corn crop.

Office At All Times.

Dr. H. J. Patrick, the popular dentist at Paint Lick, informs us that he has discontinued his visits to Livingston and can be found now at his office at all hours of the day.

Will Johnson Has Nice Trip.

Will Johnson, the local colored undertaker has just returned from Georgetown, where he went as a delegate from the local lodge to the Grand Lodge United Brethren of Friendship. He also made a side trip to Indianapolis and Richmond Ind. Will Johnson is one of our most highly respected colored citizens.

Good Crows Attend Nicholasville Fair.

The Nicholasville Fair which began Tuesday and closes today, Thursday, has been drawing good crowds from Lancaster this week. This is one of the best conducted fairs in the state, every member doing their share of the work, with the result that quite a neat little sum has been realized for the local K of P lodge of that city, under whose auspices it has always been held.

Put Under Peace Bond.

In the county court last Monday Judge Ford placed William Williams under a bond of \$50 to keep the peace and a bond of \$100 for his appearance at the next term of the Garrard circuit court. Williams is charged with assault with a weapon on Mrs. Fanny Beckley. Williams is a tenant on Mrs. Beckley's farm, raising a tobacco crop and in an altercation over the crop he assaulted her with a hoe.

Appreciated Honors.

At a meeting of the Rexallites of the world at Boston last week an old Garrard county boy figured quite prominently. W. S. Elkin Jr. of Atlanta, and son of Capt. T. A. Elkin of this place was presented with a handsome chest of silver as a token of his popularity and special service rendered this large and prosperous organization. The gift was quite a surprise to Mr. Elkin and the honors we are sure were appreciated.

Hogs To Be High And Scarce.

The individual who has an adequate number of fat hogs for his meat this fall will be indeed lucky. Because of the severe drought and the scarcity of water, and the probability of corn being high this fall and winter, there has been an unprecedented number of hogs sold and shipped from the county, and the result will be that meat hogs will more than probably be extremely scarce and high at killing time. The prospect for the lowly editor to have jowl and greens next spring is exceedingly slim, and they may not so much as dream of such a luxury as old ham.

Logan Woods Appointed Postmaster At Danville.

Chief of Police Logan Wood of Danville has received the indorsement of Senator Ollie James and of Congressman Harvey Helm and will probably take charge of the Danville Post Office by the first of the year. Although Mr. Linney, the present Postmaster has served but one year of his present term, he has nevertheless served sixteen years in his present position, and for this reason Senator James presented the matter to the Postmaster General and asked him to replace Linney with Wood by January, saying that the former will have served four full terms by that time. Mr. Burleson agreed with Mr. James in the matter and Mr. Wood will be appointed by January. Mr. Wood has been prominent in Democratic politics at Danville, for many years, and his appointment comes as a well deserved honor and a source of gratification to his many friends.

Who said the automobile craze would "play out" in Lancaster, a new one is added to the list almost every week.

James Allen Cotton Entertains In A Lavish Manner In Honor Of Relatives From Michigan Last Saturday.

At the hospitable and handsome home of Mr. James Allen Cotton in the north eastern part of the county on last Saturday was held what was intended to be a reception in honor of Mr. Cotton's brother and family Mr. Will Tom Cotton, and his friend and family, C. M. Garber of Morance Michigan, all of whom are guests of relatives in this and Madison counties. However, the festive occasion seems to have resolved itself into something of a family reunion, as there were 135 guests gathered about the board, only five of whom were not connected with the Cottons by either blood or marriage. There had been prepared for the occasion a repast that most assuredly cannot be surpassed, as all who are acquainted with the lavish manner in which Mr. Cotton entertains will readily testify.

Chief among the delicacies served was fresh river fish, homeless, something very seldom seen, and their toothsome can be better imagined than described. There was music, both vocal and instrumental, and the old songs to which the older Cottons of generations ago were wont to listen, were intermingled with the more modern ditties of the present generation. A photographer had been especially provided for the occasion and the picture of the assembled guests were taken in a general group and then each family was taken to itself. Owen Hendren also added much to the occasion by his recitations, chief among which was his selection which won the prize at the contest recently held in Lancaster. The guests of honor were, Mr. and Mrs. C. M. Garber and son and Mr. and Mrs. W. T. Cotton, came through from Michigan in Mr. Garber's handsome large automobile, and the former, whose first visit to Kentucky was made the occasion of this handsome reception, surely formed a very pleasant opinion of Kentucky hospitality.

Educational Prospects More Promising Than Ever Known In History Of County.

The opening of the school term in the fall of 1913 marks the brightest prospects from an educational standpoint in the history of Garrard county. Two new Consolidated High Schools, the one at Paint Lick beginning its second term and the Buena Vista school its initial term, both with splendid corps of teachers and prospects for successful school years. The school at Lancaster with a new \$30,000 building unsurpassed by any town in the state of like size, with all modern conveniences, latest sanitary appliances, modern heating and lighting facilities, a new principal and the already efficient corps of teachers materially strengthened, gives promise of increased attendance and a most successful school year.

The people of Lancaster and Garrard county have just cause to be proud of the rapid strides made by the cause of education in the county within the last ten years, and when we look back to the educational conditions prevailing here twenty years ago, we can scarcely credit our senses. Then parents desisted to give their children an education beyond the plainest English course were compelled to send them away from home, which involved no little expense, and in consequence many of us were deprived of an education which is ours nowadays for the taking. The schools of the county now are prepared to equip a student with an education which will amply qualify them to make their way in the burly burly, busy world which they face when their school days are finished, and their parents have the gratification of knowing this education was received at no additional outlay beyond the taxes which are compelled to pay, regardless of whether or not we have children to educate.

All Aboard For London Fair.

The L & N will run a special from Richmond to London via Lancaster, this Friday, arriving here at 7.35 and London at 10 o'clock. Returning you leave London at 4.45 P. M. The rate from Lancaster will be \$2.10 for the round trip.

Garrard County Hogs Winners.

Garrard won her share of the premiums in the hog line at the Stanford fair. Mr. B. F. Robinson winning first on young boar and young gilt, and A. K. Walker winning on aged sow and aged boar. These winners were of the Duroc breed and are said to be as good as any in the state.

Mr. Jas. Hatcher, owner of the Lancaster and Danville stage line has purchased a Ford touring car, for use on his line. He will also make return trips from Danville before he returns with his mail at one o'clock. He also announces that he will carry passengers at a reasonable rate, at all times after three P. M. and on Sunday's.

Good Showing By Local Colt.

Cecil Brown is the proud possessor of a fine horse colt which has been attracting the attention of our local horse fanciers. In the hands of his owner he won two blues at the Brodhead fair, and at the Stanford fair a blue and a red. This week he is being shown by his trainer, Uncle Jim Shanks at the Lancaster Colored Fair, and under his guidance should again bring home the money.

Will Probably Serve As A Warning.

"T" Grimes was fined \$1.00, and the cost in Judge Ford's court for shooting upon the public highway, and in default of the necessary funds with which to liquidate, will sojourn with Capt. Jack Adams until his account is square with the Commonwealth. "T" Grimes' obstreperous conduct disturbed religious worship, which added to his offense, and the retribution is both timely and just and should prove a lesson to those who are inclined to seek out the abode of those who are engaged in the worship of God when they get their skin full of mean liquor and wish to give vent to their feelings. The citizens of Garrard county and the officers are very tired of such conduct and are determined to put a stop to it as is evidenced by the severe punishment administered to Grimes for his wrong doing.

Wills Probated.

The will of the late Cyrus M. Moberly was admitted to probate in the county court on last Monday. Mr. Moberly devised that all of his property both personal and real should go to his wife during her life time and at her death should be divided, share and share alike between his children, namely, messrs Wm. M. and John J. Moberly and Mrs. Myrtle Speaks and the children of his deceased daughter Mrs. Frank Folger. Mr. Moberly owned a farm of about 100 acres near Stone. The will was dated Nov. 13, 1909. No executor was named in the will and the court has not as yet appointed one.

The will of Mrs. Margaret Mc. Stinnett was also admitted to probate. It was dated April 17, 1902, and gives to her son Henry Edgington, ten acres of land in Garrard county and to her daughter Matilda Burke 50 acres of land in Jessamine county. It was her desire that no executor be appointed.

Public Sale.

As administrator of the estate of George Grow (deceased) I will on SATURDAY, SEPT. 6 at one o'clock P. M. on the premises of home place at Hackley Ky, sell at public outcry, the personal property belonging to Geo Grow estate. Consisting of house-hold and kitchen furniture, 1 Buick automobile, wagons, buggy, harness and farming implements, hogs, chickens etc. W. F. Champ, admr. Geo. Grow estate. Mrs. Grow will also offer for sale at same place, 1 pair mules, 1 bay horse, 2 cows, 1 calf etc.

Farm For Sale.

Having traded with J. P. Doty for a nice little farm containing 24 acres I wish to sell it, good land on Rural Route 200 yards from Stony Point School, best of water, good orchard, very good five room house and out buildings, good shade in yard. Call pay for this place in two years raising tobacco, easy terms. Call and see me. 8-29-2t H. C. Hamilton.

Judge Thomas Zantzing Morrow Well Known And Much Beloved In Lancaster Passes Peacefully To Rest At His Home In Somerset.

Judge Thomas Zantzing Morrow answered the last call at his home in Somerset, Ky at 7 o'clock last Monday after an illness of several months. His funeral was held in Somerset on Wednesday afternoon. Judge Morrow is survived by five sons, Hon. Edwin P. Morrow of Covington Ky., Messrs Royd, Thomas, Charles and Samuel Morrow of Somerset and one daughter, Mrs. Caleb Portwood of Lexington. His wife who has long since preceded him to the Great Beyond, was a sister of U. S. Senator W. O. Bradley. Judge Morrow was 77 years of age at the time of his death. He was an elegant polished gentleman, a brilliant lawyer and jurist and one of the leading republican politicians of the state. He was circuit judge of this, the 13th, district, before Pulaski county was taken from the district, and during his incumbency won the unstinted love and esteem of the citizens and the members of the bar, being lovingly known among the latter as "the old Judge."

John W. Boland Dies Suddenly In Charleston S. C.

A telegram to Mrs. John W. Boland from Charleston S. C. on last Monday brought the sad intelligence of the death of her husband in that city. Mrs. Boland had received a letter from him the day previous and he was in apparent good health and spirits, and the news of his death came as a terrible shock. Mrs. Boland has been almost completely prostrated since the receipt of the sad news. His remains arrived in Lancaster at 2 o'clock this (Thursday) afternoon and the interments will take place some time during the day.

Besides his wife, who before her marriage was Miss Elizabeth Walker of this place, the deceased is survived by a daughter, Miss Dorothy Boland, and by one brother and a sister, both of whom reside in Ironton O. The brother and sister arrived in Lancaster on Wednesday night. Mr. Boland for many years was engaged in the cross tie business at Burnside Ky., where he had a large mill, but the constant ravages of the water so injured his plant that he finally gave it up. At the time of his death he was engaged as a traveling salesman for the E. C. Atkins Saw Works of Indianapolis Ind., he had been assigned the territory in and around Charleston, and contemplated moving his family to that place in the near future. The firm for which he worked was one of the largest of its kind in the world, and owing to his wide acquaintance among mill people, Mr. Boland was one of their most valued employees. There was never a more whole souled, nicer gentleman than John Boland, a perfect gentleman in all that the term implies, he never said or did aught that would wound the feelings of his fellow man, devoted to his home and family, a true friend and splendid gentleman, his death will come as a deep sorrow to all who knew him.

To the deeply bereaved wife who is so well known and universally respected and loved in Garrard county, and to the little daughter who was so devoted to him, the heartfelt sympathy of the entire county is extended and may He who is a father to the fatherless comfort them in their hour of sorrow.

CELEBRATION IN LOUISVILLE

KENTUCKY METROPOLIS WILL
COMMEMORATE INCIDENTS
IN WAR OF 1812.

HUNDRED YEARS OF PEACE

Battles Which Kentuckians Won and
Massacres in Which They Suffered
Will Be Reproduced in Fireworks
and Shams on Land and Water.

A week's celebration, which Louisvilleans declare will be the greatest and most spectacular in the history of celebrations in America, will be held in the Kentucky metropolis for seven days, commencing September 29, and will be the climax of a series of celebrations held in a dozen lake cities, to commemorate the sufferings and victories of American arms in the War of 1812 as well as to focus attention on the achievements of a century of peace. The crucial and decisive engagement of the War of 1812 was the battle of the Thames, fought and won on Canadian soil October 5, 1813. The series of celebrations, which will be held all America will close in Louisville, October 5, 1913, and just one hundred years from the hour that Col. Richard M. Johnston, afterward Vice President of the United States, slew the Indian chief Tecumseh, President Woodrow Wilson will probably be addressing a crowd of 100,000 people in Louisville, the home of many of the troops who fought in the battle of the Thames.

Kentucky was assigned the closing and choice date of the celebration because of the distinguished part played by the Kentuckians in the War of 1812. Kentucky began to play her part in the generation before the war opened, when she sent Gen. George Rogers Clark and other Louisville soldiers into the hostile wilderness which they wrested from the French and Indians and out of which was afterward carved the great States of Ohio, Indiana, Illinois, Wisconsin and Michigan.

Kentucky was the last state which could have benefited from the war, inasmuch as it was brought about chiefly by the British impressment of American seamen, none of whom were Kentuckians, whereas should war prevail the unfriendly Indians of the frontier of the border states could be expected to commit atrocities from which Kentucky had already received the name "Dark and Bloody Ground." However, it was chiefly Henry Clay, in the Kentucky Congressional Delegation that forced President Madison to declare the second war with Great Britain, and Kentucky furnished twenty per cent of her fighting population to go into that war, and at the close of the war of the listed dead more than eighty per cent were the names of Kentuckians. Kentucky troops to a man were massacred at the River Raisin and again at the first attack on Fort Meigs.

When the time came to man Perry's new-hewn ships, he selected Kentuckians unaccustomed to the motion of the lakes to mount into the insecure rigging and from that vantage point, with their practiced eyes and unerring aim, fired down upon the British and won the battle of Lake Erie. Practically every officer and soldier in the battle of the Thames was a Kentuckian, excepting alone Gen. William Henry Harrison, who, however, held his commission as Major-General from the Kentucky legislature. The charge of the Fort Mifflin Hope, about the briefest, most terrible and most heroic attack narrated in the annals of warfare, consisted exclusively of Kentucky soldiers when nineteen of them and their twenty horses went down to certain death. It was the Kentucky sharpshooters who are credited with having won the battle of New Orleans after the war had in reality closed.

Kentucky proposes to reproduce most of these scenes of the war of 1812 in the Louisville celebration. The battle of the Thames will be reproduced on land in Cherokee Park, topographically situated similar to the land on which was fought the battle of the Thames, and every detail of the sham battle will be as nearly historically correct as can be done. Louisville will take advantage of her magnificent river frontage in order to celebrate suitably the battle of Lake Erie. The actual battle will be depicted in a gorgeous entertainment of fireworks and all morning and all afternoon preceding the engagement there will be boat races, life saving feats and aquatic sports. A historical pageant, depicting various scenes of the war of 1812 will also include a magnificent floral parade, such as made Louisville famous a year ago, and will include civic and military parades many miles in length. Drills and exercises by 10,000 costumed school children will be held in the First Regiment Armory; a mammoth reception will be given to the descendants of Kentucky soldiers and sailors of the war of 1812, and a series of costumed halls will be given in their honor.

Exceedingly low railroad rates, probably as low as one cent per mile, from a distance of several hundred miles of Louisville, will be granted and efforts are being made to secure to other Kentucky points rates from Louisville for the week immediately following the celebration, to enable former Kentuckians who return home to visit the celebration, to visit also their old Kentucky homes.

KENTUCKIANS' HOME-COMING

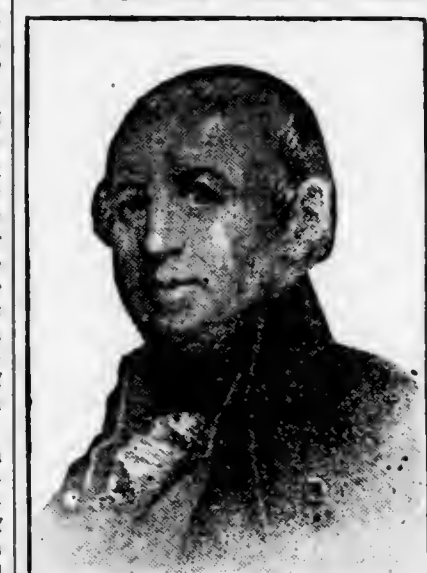

ONE MILLION FORMER RESIDENTS INVITED TO ATTEND
GREAT CELEBRATION.

RAILROADS OFFER LOW RATES

Perry's Victory on Lake Erie Battle of the Thames and Massacre of River Raisin To Be Reproduced in Fireworks and Shams Battles.

One million expatriated Kentuckians and their children, even to the fourth and fifth generations, have been invited to return to Louisville to participate in the Perry's Victory Centennial Celebration, to be held in that city seven days, beginning September 29. Those particularly invited are the descendants of Kentucky soldiers and sailors of the War of 1812, and it is estimated that 75 per cent of native-born Kentuckians and the descendants of those born in Kentucky in the past century are eligible to participate in such a celebration. Approximately one million people now living in other states are included in the "list of those invited."

The purpose of the Louisville celebration is to commemorate not only Perry's victory on Lake Erie but all other events of the war of 1812. However, in particular honor of Commo-

fore Perry a special attraction in the Louisville celebration will be the reunion of the Perry family, regardless of kinship. Everybody by the name of "Perry" will be invited to this special entertainment and those who go into that war, and at the close of the war of the listed dead more than eighty per cent were the names of Kentuckians. Kentucky troops to a man were massacred at the River Raisin and again at the first attack on Fort Meigs.

When the time came to man Perry's new-hewn ships, he selected Kentuckians unaccustomed to the motion of the lakes to mount into the insecure rigging and from that vantage point, with their practiced eyes and unerring aim, fired down upon the British and won the battle of Lake Erie. Local committees are preparing an 1812 museum, in which they solicit the loan of any souvenirs or relics of the War of 1812, providing the transportation at their expense, and guaranteeing that articles loaned for the week will be returned to owners. This museum for the time being will undoubtedly be the most valuable collection in America.

RAILROADS IN GERMANY.

No Danger of a Train Starting Until Everything is "Ready."

A returned traveler who spent much of his time in Germany drifted into the observation of railroading in the empire. He rode the most on local trains, though not having a set purpose, and proceeded only for short distances.

On one of these vagrant trips he had surrendered his ticket and had nothing on his mind but his destination when the conductor came and said:

"Extra fare, please."

"Why?" demanded the experienced voyager.

"Because," answered the conductor, "we have cut out five stops and the train is now an express."

The recollection of the writer runs back to the time when as a small boy he first beheld the start of a German railroad train. The impression is self-evidently vivid to have lasted so long.

First there was a prodigious pow-wow between the head barncarman and the porters, who argued excitedly over the disposal of trunks. Every thing awaited the conclusion of their jabbering and the loading of the car. Nobody else seemed animated or even concerned. The conductor looked on apathetically, and the engineer phlegmatically talked to a bystander on the platform.

The last trunk in, the baggage smashers retired, still arguing. The conductor went to the end of the train, and the guards stationed themselves alongside at intervals. All eyes were on the engineer. He climbed into his cab, disposed himself on his seat in a leisurely way and protruded his head from the window.

"Fertig!" he inquired of the first guard, who turned to the second also to ask "fertig?" This was repeated along to the last car, where the signal system doubled on its trail. It having been ascertained that everything was "fertig," the information was relayed to the engineer, who nodded solemnly and turned to his seat. A bell tinkled, the crossing gates (numerously manned to prevent suicide) arose, and the train pulled out with the pompousity that characterizes everything official in Germany—the "vehement" land.

This extreme caution amuses the visitor, but it also makes him reflect. The government's paternalism may not be affectionate, but it is far-reaching. There are no handy ways to die when danger can be forestalled.—Chicago Post.

His Dose of Senna Tea.

"When my lady tells me that anything is good for me," said the boarder, "I always recall the huley days of my boyhood. There were occasions then when, after eating profusely of green apples or other unripe vegetables, my works became disorganized and caused me intense distress. At such times my mother stepped into the imminent deadly breach with a remedy that was good for me. "She had a partially for senna tea, a beverage which tastes like the interior of a Russian jail. I had to swallow this fluid until it was necessary to put boots on me so I could hold it all, and for several days thereafter my mother continued to feed my insides with senna tea, always insisting that it was good for me. Now that I am an aged man I love peace better than anything else, but I'll climb the frame of any gentleman who mentions senna tea to me."—Walt Mason in Chicago News.

Bread That Intoxicates.

Throughout the eastern part of Siberia it is no extraordinary sight to see peasants in the hilarious stages of intoxication brought on by eating bread. In the region between the sea and the river called Missouri the humidity of the climate as well as the soil is remarkable. In many parts the humidity is so intense that there grows upon ears of corn a species of fungus. As a result of this the bread made from the corn gives all the results of an overdose of alcohol. Whole districts are sometimes inebriated by this strange kind of "alcoholic" bread.—Leslie's Weekly.

30,000 Voices!

And Many Are The Voices Of Lancaster
People.

Thirty thousand voices—What a grand
chorus! And that's the number of
American men and women who are
praising Doan's Kidney Pills for relief
from backache, kidney and bladder ills.
They say it to friends. They tell it in
the home papers. Lancaster people
are in this chorus. Here's a Lancaster
case.

C. T. Brummett, Crab Orchard St.,
Lancaster, Ky., says: "Nearly every
spring I use Doan's Kidney Pills and
they keep me in good health. During
the winter colds settle on my kidneys
and caused pains through my back. A
friend told me about Doan's Kidney
Pills and I used them. They stopped
the pains and my kidneys became
normal."

Mr. Brummett is only one of many
Lancaster people who have gratefully
endorsed Doan's Kidney Pills. If your
back aches—if your kidneys bother you,
don't simply ask for a kidney remedy—
ask distinctly for Doan's Kidney Pills,
the same that Mr. Brummett had—the
remedy backed by home testimony, 50c.
all stores. Foster-Milburn Co., Props.,

weeks stay in Nicholasville, she being
called there by the illness of her sister
Mrs. John Johnson.

Quarterly meeting services will be
held at the Methodist church Saturday
and Sunday 30th and 31st. As this is
the last service before Conference it is
hoped that every member will attend.
The presiding elder Rev. W. E. Arnold
will be present and conduct the services.

The stock has been subscribed for a
new telephone company to be known
as the Bryantsville Telephone Co. It
is to be incorporated at \$3,000 and is to
be owned by the citizens of this vicinity.

Mr. C. C. Becker has been elected
Pres. Mr. Noah Marsee Vice Pres. Dr.
W. B. Montgomery Secy, and J. C. Wil-
liams Treas. Work on installing the
line will begin at once and while the
rates will be lower than at present it
is hoped that the service will be quite
an improvement also.

Suffered Eczema Fifty Years—Now Well.
Seems a long time to endure the awful
burning, itching, smarting, skin-disease
known as "tetter"—another name for
Eczema. Seems good to realize, also,
that DR. HOBSON'S ECZEMA OINT-
MENT has proven a perfect cure.

Mrs. D. L. Kenney writes:—"I can-
not sufficiently express my thanks to
you for your Dr. Hobson's Eczema
Ointment. It has cured my tetter,
which has troubled me for over fifty
years." All druggists, or by mail 50c.

Rapping on Wood.

It is a common thing to see people
rap upon a chair or door after they
have made some boastful remark,
such as "I am never ill," or "My ven-
tures always turn out well." This was
originally done as an appeal to the
efficacy of the wood of the true cross,
and three raps were always in honor
of the Blessed Trinity.

FINE FARM

AND

Valuable Personality
At Public Sale To The Highest Bidder

As Executrix of Nixon Perkins, Deceased, I will sell to the
highest bidder on

Thursday, September 4, '13

sale beginning promptly at 10 o'clock, the farm, crops and all
stock and farming implements. Sale held on the premises. The
farm contains 340 acres with a beautiful dwelling and modern
conveniences, with all necessary out-buildings in good repair, lo-
cated near Marksburg in Garrard county on the Lancaster,
Nicholasville and Lexington turnpike road, six miles from Lan-
caster and eight miles from Danville. The site upon which the
dwelling is located is attractive and all the surroundings are
beautiful, and the farm is ideal for residence purposes.

We unhesitatingly assert that there is no more beautiful and fertile farm of 340
acres in all the blue grass region of Kentucky, nor a farm of this size with less waste
land nor any one adapted to more profitable farming purposes. Every acre of the 340
acres is hemp and tobacco land and there is a large tobacco barn on the farm. 130
acres in meadow and the remainder in cultivation. The farm is especially adapted to
stock raising on account of the abundance of water on all parts Of the farm furnished
by seven never failing springs. The soil is the true blue grass kind, which makes stock
raising profitable. The farm is improved with barns, which are supplied with water
for the purposes of handling stock.

There are two comfortable tenant houses on the farm and farm labor can be acquired at all times in
this locality. The purchaser of this farm can truthfully assert that there is no better in the State of Kentucky.

The following is a partial list of the personal property:

4 Good Work Mules, 4 brood mares, 4 mule colts, 1 three year old gelding, 1 two year old filly by
Rex Hilton, 23 head of two year old cattle, 4 head of yearling cattle, 4 milk cows and calves, 8 brood sows
2 sows and pigs, 1 Poland China Boar hog, and 40 shoats.

FARMING IMPLEMENTS.

2 two horse wagons, 1 roller, 1 wheat drill, 1 binder, 1 mower, 1 double cutting harrow, 2 smoothing,
harrows, 1 cultivator, 1 two horse rake, 1 one horse rake, and 2 Oliver plows.

There will also be sold a lot of household and kitchen furniture and many other things too numerous
to mention.

Terms made known on day of sale- Dinner served on the grounds. For further information call on
E. W. Perkins, Lancaster, Ky. Or

Kentucky Wheat Drills.

The Kentucky Fluted Force Feed is the strictest sense of the term, and it sows all seeds, from flax to treated wheat, with unvarying accuracy. The range of quantities is very great, and the operator is not obliged to sow a peck or a bushel every time a variation in quantity is desired. In fact, the Kentucky Fluted Force Feed will enable the user to regulate the quantity to sow as low a fraction as a quart or a pint. One slight movement of each indicator lever sets every feed on the drill.

JOHNNY GREEN WILL FLY AGAIN AT CHATTANOOGA.

GREEN'S CARDUI FLYER.
CHATTANOOGA, August 20. — (Special.)—The Chairman of the Grand Army Entertainment Committee, has closed a contract with Johnny Green, famous Cardui birdman and waterfowl, to make three flights in Chattanooga during the G. A. R. Reunion, to be held in Chattanooga September 15-20.

Green is the man who made the record flight in Cardui Flyer No. 1 over Lookout Mountain during the U. C. V. Reunion last May. He was the first man to attempt that dangerous flight, refused by so many other prominent aviators. A feature of his exhibition next month will be a flight in his Cardui Flyer No. 2, equipped with hydroplanes, up the Tennessee River. This will be the first hydroplane flight ever made by any Southern aviator.

Visitors to the G. A. R. Reunion will do well not to miss these flights by the famous aviator, free to all, and should look out for the dollar bills, which he drops among the crowds below, as he goes hurtling through the air.

RHEUMA WILL STOP. URIC ACID DEPOSIT.

Rheumatic Complications Checked And The "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged with uric acid sediment lodges in the muscles and joints and Rheumatism follows. RHEUMA, the great remedy for all forms of the terrible disease, checks the deposit of uric acid and the pains and swellings quickly leave the body. RHEUMA acts naturally on the system—contains no dangerous drugs to destroy the unaffected organs.—R. E. McRoberts & Son will return your money if it fails; 50 cents a bottle.

Mr. and Mrs. Henry Ball Mr. and Mrs. Price Bourne and family were the guests of Mrs. Fanny Pollard Sunday.

The first of a series of meetings was held last Sunday evening at Pleasant Grove Church. The meeting through out will be conducted by Rev. Bell the pastor.

Every body who has an interest in the cemetery at this place is invited to be present next Tuesday 2nd day of Sep to aid in cleaning off the yard. Dinner will be served on the ground. The Ladies Working Society will hold a business meeting on said afternoon.

Mr. Charlie O'Hearn and sister on returning from Danville Sunday afternoon barely escaped an accident when the young horse they were driving became frightened at a motorcycle and reared and fell on his nose. The fall was so heavy that it knocked all of the horses teeth out.

Pad With Papers.
When one does not happen to have an old blanket, which is usually used as a padding for the ironing board, a lot of old newspapers will be found to be an excellent substitute. Lay them smoothly on the board until you have the required thickness; then cover with a piece of cotton. The papers can be renewed from time to time and you always have a clean, smooth board.

Mothers! Have Your Children Worms.

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. MEN IN CHARGE OF STATE FAIR

Human Cogs in Big Wheel of Kentucky's Greatest Show

WORK IS FULLY OUTLINED

Each Division of the State Fair Will Be Under the Direction of a Member-in-Charge and a Capable Superintendent.

Louisville, Ky. — (Special.) — The powerful and efficient operation of a gigantic piece of machinery is dependent upon its smallest cog, and it is also true that the intricate movement of a great enterprise like the Kentucky State Fair is equally dependent for smooth and successful running upon the various human cogs forming its operating force.

For the eleventh annual State Fair, to be held next September 15-20, there are already twenty-two component parts and subsidiary cogs in active and united operation, all working toward the most brilliant and successful enterprise of the kind that Kentucky has ever known.

The twenty-two departments embrace an enlarged area of exhibit, each department being presided over by a member of the State Board of Agriculture, who is styled the member in charge, and under the direction of each member in charge there is one or more superintendents, who have active supervision over the various exhibits and the personal welfare of exhibitors and visitors to their domain. The departments and their superintendents have been allotted in accordance with the appended list, and already there is the friendliest and most commendable rivalry among the heads and their assistants looking toward the success of their particular field of operation.

The various departments, with their heads, are as follows:

Horses—Commissioner J. W. Newman, Frankfort, member in charge; Guthrie Wilson, Bardonia, superintendent.

Mules and Jack Stock—James M. Terry, Cynthiana, member in charge; Guthrie Wilson, Bardonia, superintendent.

Beef Cattle—R. J. Bassett, Letchfield, member in charge; W. R. Mooreman, Jr., Glendale, superintendent.

Dairy Cattle—Prof. J. H. Kastle, Lexington, member in charge; Charles Wright, Eminence, superintendent.

Swine—J. L. Lettler, Harrods Creek, member in charge; L. C. O'Wings, Jeffersonton, superintendent.

Sheep and Goats—H. M. Frohman, Ghent, member in charge; W. T. Chilton, Campbellburg, superintendent.

Poultry and Pigeons—G. N. McGrew, Bayou, member in charge; Harris Lehman, Midway, superintendent.

Ducks—C. H. Van Meter, Lebanon, member in charge; H. M. Wood, Anchorage, superintendent.

Vegetables and Melons—J. L. Lettler, Harrods Creek, member in charge; Charles Scholtz, Louisville, superintendent.

Field Seed and Grain—G. N. McGrew, Bayou, member in charge; H. C. Love, Boone, superintendent.

Tobacco—James M. Terry, Cynthiana, member in charge; Judge Frank P. Sebree, Carrollton, superintendent.

Evans S. Reese, Springfield, assistant superintendent.

Horticulture—Fred R. Blackburn, Stanton, member in charge; W. W. Hillenmeyer, Lexington, superintendent.

Plants and Flowers—H. M. Frohman, Ghent, member in charge.

Women's Department—Commissioner J. W. Newman, Frankfort, member in charge; Mrs. H. B. Walcott, Shelbyville, superintendent.

Farm Implements and Machinery—R. J. Bassett, Letchfield, member in charge; T. Beale Murray, superintendent.

Minerals and Forestry—Fred R. Blackburn, Stanton, member in charge; J. E. Barton, state forester, Frankfort, superintendent.

Students' Judging Contest—H. M. Frohman, Ghent, member in charge; E. W. Young, Shelbyville, superintendent.

Education—Prof. J. H. Kastle, Lexington, member in charge; T. R. Bryant, Lexington, superintendent.

Speed—C. R. Van Meter, Lebanon, member in charge.

Dairy Products and Apiary—Prof. J. H. Kastle, Lexington, member in charge; Prof. J. J. Hooper, Lexington, superintendent.

Farm Boys' Encampment—G. N. McGrew, Bayou, member in charge; Prof. H. B. Hendricks, Lexington, superintendent.

Babies' Health—Commissioner J. W. Newman, Frankfort, member in charge; Mrs. John L. Woodbury, Louisville, superintendent.

MAGNIFICENT PRIZES

A magnificent silver trophy, worth \$125, donated by the American Saddle Horse Breeders' Association, and prizes of \$175 will go to the practical "Little Farmers" of the state in the Students' Judging Contest, which will be one of the most important and interesting adjuncts to the Kentucky State Fair, to be held in Louisville next September, 15-20.

DO YOU KNOW

Lancaster has one of the BEST EQUIPPED

Bottling Works

South of the Ohio River.

That all of the water bottled by our plant is distilled first, therefore it is absolutely pure.

That all of our drinks are bottled in clean bottles.

That we have one of the most complete and might also add the most expensive waiting outfit it is possible to obtain.

We do not use broken bottles for the reason that it is a self evident fact that it is easier to detect any dirt or other matter in a clear bottle than a brown one.

We bottle all clear liquids from distilled water, Mint Cola, Ginger Ale, Orange, Lemon, Strawberry and the other flavors.

Come in and see us at our plant and see how these drinks are put up.

Ask for Mint Cola and other drinks bottled by us and see that the name is on the bottle and crown.

CONTEST.

Continued from Page 1.

test to win and that you expect their support. You will get a renewal or a subscription from all of them.

It is a worthy ambition to get to the top of the list but it is also a good idea to create a reserve fund to drop in at some future date when you feel that it is necessary and also to have a large bunch in reserve for the closing night when the real strength of the contestants show up.

Those who have no direct interest in the contest, will generally look over the list when they renew their subscriptions and are sure to cast their votes for some one whose name they find there so it will pay you to send in your nomination at once and get the benefit of your share of this sort of business.

There is very little difference in the standing of the candidates to date, nearly the entire field could be covered by a few years' subscription so that anyone starting today could be in the lead in a few days, by devoting a few hours to seeing friends.

SOME MISTAKES.

One candidate will complain that "everybody takes the Central Record; I find it hard to get new subscriptions." That complaint is usually made after the candidate has talked with about three or four people who are subscribers. But the town is big, there are many towns surrounding, and rural free delivery gives the country folks almost as good service as their city brethren. There are innumerable advantages about the Central Record which appeal to the subscriber. Candidates who are really in earnest find no difficulty in showing these advantages to their friends.

But above all else tower the magnificent rewards that are to be made to thirteen people of vicinity. Their value, as a first consideration, and to consider the matter from a strictly commercial standpoint, is enough to attract the attention of every ambitious man or woman in any community. Their desirability from a strictly utilitarian standpoint is another strong factor that is going to appeal strongly to every class, and last, and perhaps best, is that overwhelming and deeply-planted desire to be a winner no matter what sort of business or pleasure you may be engaged in. It is foolish to say that one does not care for any of these prizes. It is equally foolish to try to deceive friends with a plea that you are a candidate only because some friend has nominated you. As a matter of fact every contestant wants to win for the several reasons set forth above, and for perhaps a dozen others that the contest man hasn't the time to enumerate.

NEW SUBSCRIPTIONS.

10 years	184,000
8 years	148,000
5 years	95,000
3 years	59,000
2 years	41,000
1 year	17,800

OLD SUBSCRIPTIONS.

10 years	40,000
8 years	30,000
5 years	18,000
3 years	10,200
2 years	7,800
1 year	2,400

The price of the Lancaster Central Record is \$1.00 per year.

Until further notice, contestants will be allowed to poll a sufficient number of votes to make their standing 40,000 in advance to the leader of the preceding issue.

If there is any mistake in the count of any contestant's vote up to the present date, it must be called to the attention of the contest manager before next Wednesday night. Otherwise, the count as published today, must be taken as correct.

Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. New Telephone Company Organized At
Bryantville And That Village Soon
To Be Connected By Independent Line With Outside World.

The Bryantville Telephone Company has been organized in that village by the citizens of the lower end of the county with Charles C. Becker as president, Noah Marsee, vice-president, Dr. Bradley B. Montgomery, secretary and J. C. Williams as treasurer. The capital stock of the newly organized corporation is \$3,000, of which \$2,000 is already subscribed and operations will begin at once. An exchange will be placed in Bryantville and connection will be made with the Hubble company, organized a year ago and now doing a thriving business; the connection will probably be made a short distance east of Bryantville as the Hubble people already have their lines in operation in that locality. The Hubble people have connection with the Great Bell system and by this means the new corporation is assured of physical connection with the world at large from the very beginning. It is reasonable to suppose that they will also be given connection with the Bastin lines, which will give them an unexceptionable wire connection. Those connected with the new enterprise are splendid business men and clever gentlemen and the success of the new corporation is a certainty from its start.

We are reliably informed that other parts of the county have under serious consideration the matter of organizing independent lines and securing connection with those already constructed, and we are thus insured in the very near future of as good an independent system of telephones as is enjoyed by any community in the state. The people who are fostering these enterprises are of the very best citizenry of this and adjoining counties, their interests are identical with the interests of Lancaster and they should be offered every possible inducement to construct their lines, and our citizens and business men should offer them every assistance in their power as the construction of these independent lines means freedom from the grasp of corporations as well as good telephone service at a nominal price.

Tri-County Teachers Institute To Be
Held In Danville Week Of October 6th

The Tri-county Teachers Institute, composed of the counties of Mercer, Boyle and Garrard will be held in Danville Ky., the week beginning October 6th. Miss Jennie Higgins, Superintendent of Schools for Garrard county is in receipt of a letter from State Superintendent, Barksdale Hamlett, an extract from which we print below, and which will prove of interest to Garrard county teachers.

"I have received so many inquiries concerning the Teachers' Institutes, that I deem it wise to write you this letter. No teacher can count the time of the Institute when the school and the Institute are set to begin on the same date. The school must actually begin and must have been taught for one or more full days before you can pay the teachers for such teacher the State funds, except as stated above.

No teacher can be allowed to count the time as taught for anything whatever, except when the school has been regularly and legally dismissed by the County Board of Health or by the Division Board of Education on account of a contagious disease."

It will be pleasant news to the people of Lancaster to know that the joint institute will probably meet in Lancaster next year, as it is again our term. The joint institute held here two years ago was a source of a great deal of pleasure and of material benefit to our people and the teachers will be again warmly welcomed.

COMING IN ALL ITS ENTIRETY.

Sparks World's Famous Shows To Visit
Lancaster For One Day Only—Two Exhibitions.

Four hundred people employed and carrying over two hundred foreign and domestic animals, is the statement made by Mr. F. M. Heaton, agent for the Sparks Shows, who was in town last Monday making arrangements for the appearance of this big circus here on THURSDAY, SEPT. 11th.

The strange colony of people, hand-some horses, rare wild animals and the golden caravans are scheduled to arrive here during the early hours of the morning of the above date in their own special trains from Campbellsville, where they will exhibit the day before.

Circus day will begin with a big street parade at 10:30 A. M. and two performances will be given, the first starting at 2 o'clock and the other at 8 o'clock.

The grounds known as the Ball Park have been arranged for by the agent and a number of our merchants will receive contracts to furnish immense quantities of feed stuff for both man and beast.

The Sparks World Famous Shows have been successfully established for the past twenty-seven years and bear a reputation in the Eastern sections of the country second to none for the high class exhibitions presented and the honest manner they have of dealing with the public—no gambling or grafting being tolerated or carried with these shows.

Miss Nannie Ison who has been spending part of her vacation with her grandfather here is now with relatives at McCreary.

If Lion Pulls and Horse Pulls. If a lion and a strong horse were to pull in opposite directions the horse would pull the lion backward with comparative ease. But if the lion were hitched behind the horse and facing in the same direction and were allowed to exert his strength in backing he could easily pull the horse down upon his hanches or drag him across the ring, so much greater is his strength when exerted backward from the hind legs than in forward pulling.

An Unusual Look.

"Do you think this new photograph of mother looks like her, father?" asked the daughter.

"No; I don't," replied the father.

"What do you suppose is the matter with it?"

"Why, I suppose the man told your mother to look pleasant and she was trying to do it!"—Yonkers Statesman.

How Could She Tell?

"Norah," said the mistress, "are these French sardines that you have given me?"

"Shure. Ol' don't know, ma'am," said the new waitress. "They were pasit spakin' when we opened the box."—Ladies' Home Journal.

Pig Ailments.

Cough in young pigs is very often caused by dust in the bedding. Dry, short, chaffy out straw is most likely to cause trouble in this way. The cough often ends in fatal pneumonia. The cough may also be due to exposure or to damp sleeping places. Such cases should be removed. Thumps in young pigs is induced by overfeeding and lack of exercise. If both the mother and pigs are made to take abundant exercise daily trouble such as this will be unknown.

Salting the Cured.

The cured should be spread out thinly over the bottom of the vat and the salt put on in at least three applications. Each time it should be evenly distributed over the surface. After each sprinkling the cured should be stirred with curd forks. If the salt is applied too rapidly the outside of the small pieces harden, and absorption is hindered.

Driving a Horse.

The man who continually yells at his horses so that you can hear him all over the farm gets less work out of them than the man who speaks to them in a quiet tone.

THREE FINE FARMS AT PUBLIC SALE

To The Highest Bidder.

As agents for the heirs of J. P. Long deceased, we will sell to the highest bidder on

Wednesday Sept 10th 1913

sale beginning promptly at One O'clock P. M. on the premises now occupied by Ambrose Calico in Madison County, Ky. on the pike leading from Cottonburg and intersecting with the Barn Mill pike and one mile from Cottonburg, formerly the home of the deceased. These farms will be sold in three tracts.

Tract No. 1. The home place, containing about 150 acres, with all necessary improvements, with good dwelling containing about twelve rooms, two good barns for tobacco or stock, well watered and in a high state of cultivation.

Tract No. 2. Known as the Spanhower place and now occupied by Jerry Noland, containing about 200 acres, with splendid brick dwelling in good repair, containing about ten rooms. This farm is also well watered, with two good tobacco barn and all necessary outbuildings. It is situated on the Barns Mill pike and is six miles from Richmond.

Tract No. 3. joins tract No. 2 and contains about 80 acres all first class bottom land in high state of cultivation, with good five room cottage and tobacco barn. This tract is all in grass.

These farms are located in good neighborhood and near churches and good schools.

Tract No. 2 and tract No. 3 will be offered separately and then as a whole, the highest and best bid will be accepted.

These farms are to be sold to wind up the estate of J. P. Long, deceased and this will be an absolute sale.

This is a good opportunity to secure a good home on liberal terms which will be made known on day of sale.

The above tracts of land are as good as any in this section of the state, having been properly cared for for many years. Those desiring good rich farms will do well to be on hand promptly on day of sale.

THE PATROL SYSTEM.

Great Success of Government Test Near Fort Myer.

The office of public roads of the department of agriculture has been making experiments on an eight mile stretch of road in Virginia to demonstrate the results that may be obtained on country earth roads by continuous work under a patrol system. A patrolman was employed to furnish a horse, cart and small tools, and he was supplied with a road drag built of plank and required to furnish two horses to drag the road whenever it was in suitable condition for dragging, usually following each rain.

The entire eight miles of road are well traveled, and there is considerable heavy teaming over parts of it. The United States cavalry stationed at Fort Myer frequently passes over a portion and batteries of artillery also use the road at intervals. A traffic census for three days last March showed the following daily average of teams traveling over the road: Loaded one horse wagons, fifteen; unloaded one horse wagons, fifty-eight; loaded two horse wagons, thirty-eight; unloaded two horse wagons, forty-nine; loaded four horse wagons, nine; unloaded four horse wagons, four; saddle horses, ninety-six, and motor runabouts, one.

The patrolman was paid \$30 a month and \$1 a day extra whenever he used two horses to drag the road. His presence was required on the road from 8 a. m. until 4:30 p. m., with one-half hour allowed for lunch.

The average cost of dragging last year was \$16.11 per mile for six and a half months, which is at the rate of \$23.74 a mile for the first year of twenty-four draggings, or approximately \$1.25 per mile for each dragging of three round trips.

The use of the road drag has greatly improved the daily condition of the road and rendered it smooth and comfortable for travel for a greatly increased number of days in bad weather. The department expects to continue the experiment this year, for it is already apparent that the entire eight miles of road will show remarkable improvement under the systematic work of the patrolman.
